CO-SCHOLASTIC AREAS

Importance of Health and Physical Education

The board has introduced a streamlined and well-designed Health and Physical Education [H.P.E.] program to main stream H.P.E. in schools for students of classes I-X. Keeping this in mind we have given impetus to sports and physical education by ensuring one period of sports per day. It would be in the interest of your child's mental and physical growth if you encourage her/ him to regularly participate in physical activities in school.

Importance of Art Education

The board has emphasized on Art Education for developing creativity and appreciation of art among students. Exposure to art education promotes self-directed learning, improves school attendance and sharpens critical and creative skills. It helps the students to master other subjects such as Science, Maths and Social Science. The school has made it mandatory to impart Art Education at all levels.

Assessment of Mindset Curriculum

In addition to cognitive capacities, development of social, ethical and emotional capacities is emphasized in the National Education Policy 2020. Further, 'a rootedness and pride in India' is one of the foundational principles of NEP 2020. These goals, as envisaged in the NEP 2020, are aligned with the goals of Happiness And Deshbhakti.
